

# DARMA STONE GUARD

Transparent Waterproof

## OVERVIEW

Darma stone guard is a single component, ready to use, high performance water dispersed impregnating water repellent designed to provide superior protection for porous surfaces.

## PROPERTIES

- Penetrates deep into substrate and block all pores
- The substrate will look the same because of the chemicals colorless nature.
- It also doesn't stain after time
- Guards against water damage and efflorescence
- It is easy to apply

## SURFACE PREPARATION

- Clean the surface
- Any adhesion reducing or bond breaking substances like oil, grease, paints, dust, sealers, waxes, must be removed

## AREAS OF APPLICATION

- Decorative Stone arts
- Stone Masonry
- Exposed Concrete
- Brick Walls

## MIXING

- Single component-ready to use

## APPLICATION

- Apply the waterproof using a fiber brush, roller or spraying equipment
- Wait 6-8 hours until it dries

## COVERAGE

- It depends on the porosity of the substrate  
10m<sup>2</sup> per liter

## PACKAGING

- 5L plastic container

## STORAGE

- 24 months; when stored in dry place in unopened and undamaged original packaging.

## PRECAUTIONS

- Eyes, nose and skin should be protected by wearing security goggles, gloves and dust mask.
- In case of skin contact, wash with plenty of water.
- In case of eye contact, rinse cautiously with water for several minutes. Seek medical advice if the irritation continues.
